Day : Sunday

Time : 12:30 PM

» Training Speaks (all)

We have completed our Joomla & Wordpress in 1 month with 2 live projects. Now,urrently doing job in Delhi.

I have done CSS,Drupal from basic to advance.now i am very famlier with Drupal CMS.

well, Drupal and PHP are no longer tough when i joined Mr. Pawan training.Now i have been developing my client's projects.

For drupal it took around a month

» Classroom

Hi, I am [Pawan Kumar](#) trainer and developer at [unitedwebsites.in](#) Well, let us discuss what we cover in wordpress training. Wordpress basically considered from 2 point of view one is like a blogging platform and other like a complete CMS that can build fully customized big portal like ecommerce, news portal or anything. Lots of people who see wordpress admin panel ,they feel like they know almost wordpress.But this is not true wordpress project development from files and it requires lots of coding/functions(PHP language).

So we cover all advance section in wordpress like post type, taxonomy, WP LOOP, hooks,widget development, plugin development,database api ,HTML to wordpress and many more. So after our wordpress training you will be capable of developing any highly customized wordpress project .

Beware of those training center that only covers basics of wordpress even there written syllabus are same like ours.

Wordpress CMS is one of the fastest growing CMS in the world. It has lots of features like easy theming , better performance, [best user interface](#), [easy plugin development](#) etc.So worldwide developer like this CMS for there clients or themselves. If you are planning to do a CMS, Wordpress is the right choice for you.Currently wordpress has largest vacancies in IT companies.You can build your career in wordpress. If you check wordpress syllabus of some other training center, you find that they only cover some basics in wordpress . That even our clients know .They don't teach in advance level topics.

We provide Wordpress training in Delhi for developer who want depth ,advance knowledge in Wordpress such as [Plugin Development](#), Hooks, Widget Development etc.So if you planning to just complete advance training in wordpress you can contact us .

WordPress is a free publishing platform based on PHP and MySQL. It is used by over 14.7% of websites and is currently the most popular blogging platform in use on the web. It comes with handy features designed to make the user's experience as a publisher as easy and appealing as possible. It comes with many standard compliant features that make it fast, light and flexible content management system.

Our Wordpress Training in Delhi is recommended for beginners and intermediates with keen interest in learning this key technology. We cover many aspects of Wordpress including overview, installation, configuration, setting up a PHP WordPress development environment, plugins, hooks, actions and filters, activation code, templates, widgets, admin interface, database security, jQuery, AJAX, security and live project training.

Our training sessions are designed to assist students to get the benefit of both theoretical and practical sessions. The theory sessions deal with the basics while the practical sessions involve doing assignments and learning by writing code.

we are [best WordPress institute in Delhi](#) also offering [online WordPress training](#). Being a [WordPress training institute in Delhi](#) we have built more than 1000s of [WordPress professional](#) accross nationwide Join us for [Delhi WordPress training](#), [WordPress training in Delhi NCR](#) .

Contact us

If you really want to learn [advance wordpress training](#) in main development sections kindly [contact us](#) today.Download [Wordpress Training in Delhi](#)

1 Introduction of Wordpress

- installation & configuration Wordpress 3.0
- setting up development environment of wp
- wordpress internal structure as CMS
- understanding, installation and configuration of plugins

2 Introduction of Wordpress

Corporate Training

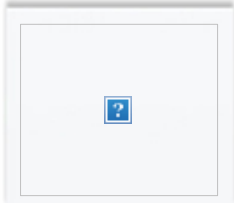

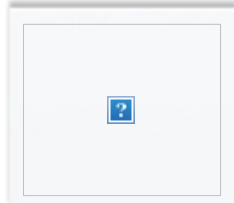

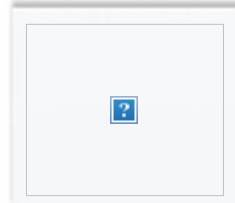

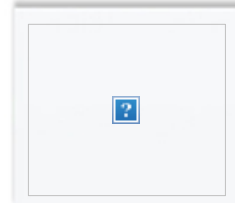

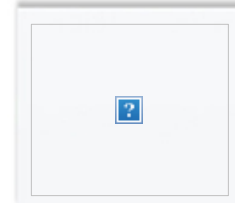

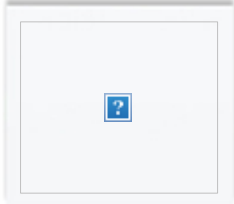

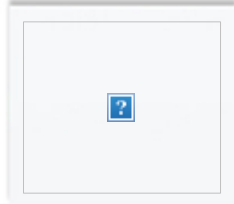

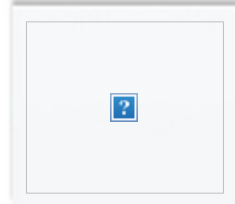

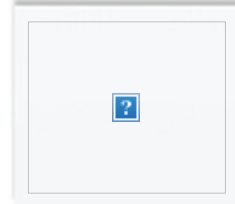

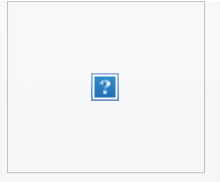

All Trainee

We believe in Quality Training and this you can find from all our trainee .WHAT WE SAY, WE DO. So, we Listed all our past and continuing trainees with their contact details .Even you can inquiry to them .Well, to be more frank

if you interested joining in any training center just ask them to provide there latest 50 students contact no. for feedback.

Do they provide ? Never because if they provide contact no.,they won't get any joining because of there poor feedback.
